

REMARKS

Concerning Applicants' reference to the priority document as German Application No. 102 32 458.9, it is noted that it should have been 102 32 468.9 as suspected by the Examiner. A corrected Declaration and Power of Attorney are therefore enclosed.

Concerning the Examiner's objections to the claims as not showing reference numerals 30 and 31, it is noted that these should have been 3a and 3b. Claim 1 has been amended accordingly so that new drawings are not required.

In view of the objections to the drawings under 37 CFR 1.83(a) as not showing the "transfer shaft", claims 3 and 4 have been canceled.

The application should therefore be in condition for allowance. Issuance of Notice of Allowance is solicited.

Respectfully submitted,

Klaus J. Bach
